

Celebrating the Art in Earth - 2016-17
 Art and Environmental Education Project

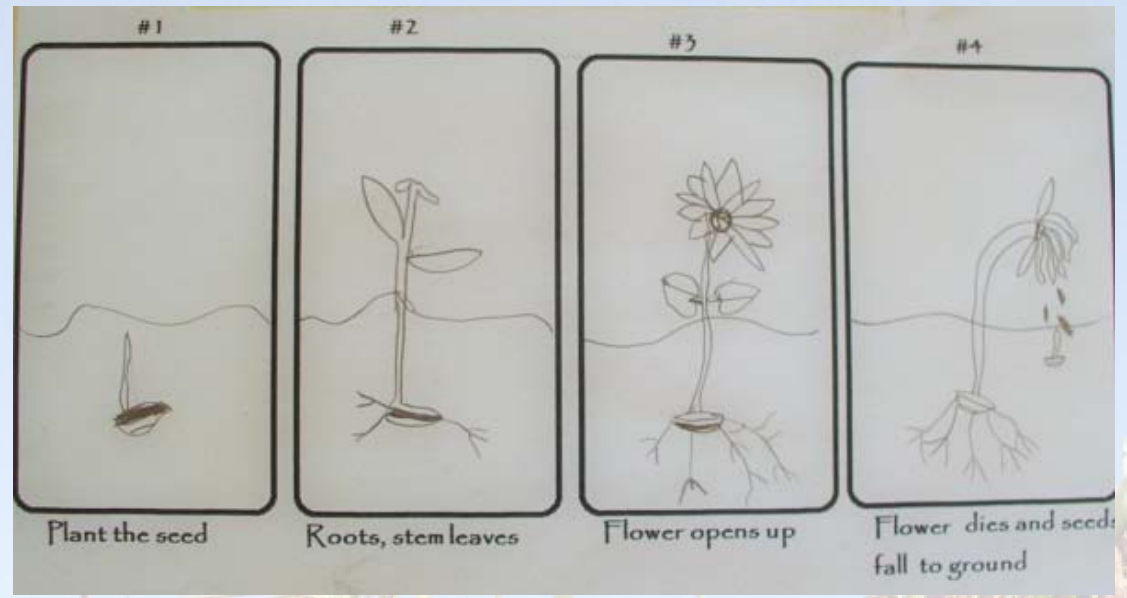

"Mrs. Martha's dance class made me happy. I am not shy about dancing in front of other people anymore."

"Mrs. Nancy helped me overcome my fear of singing in front of other people."

"When we mixed the colors together to make the color wheel, I learned a lot about how colors are made."

"I liked all of the teachers because they all taught us something about science using art, and we don't have an art class here at CVES."

"Ms. Patty was great because we got to paint fruits and vegetables. We also learned about nutrients!"

"I loved Mr. Tom because I like how he taught us about the life cycle of plants and the parts of a seed."

This program is made possible with the support of our sponsors & through generous donations.

Participating Schools

- West Sedona School - Teacher Carly Zolo
- Sedona Charter School - Teacher Lisa Hirsch
- Oak Creek School - Teacher Catherine Griefenberg
- Desert Star School - Teacher Frank Plucker
